

# Sterling Landscape Company Additional Services

## Snow Removal

Accumulation of snow 2" or greater to be removed from sidewalks after completion of storm. Granular ice melt will be applied as conditions warrant (if below freezing or snow continues to fall during removal). Service will be provided as conditions and timing allow. During heavy accumulations, there may be more than 2" before service is performed. Timing of the storm and traffic conditions will also determine timeliness of service.

## 2022-2023 Addendum - Miscellaneous on-going

30. Maintenance of the rocky area at the end of Waterway Court next to Gary Seegers property. Services to include:

Maintain streambed from waterfall to pond so the water flows freely- remove debris, weeds and replace rocks as needed.

Three times a year – spring, summer, fall: clear all debris/sticks/leaves, remove weeds from within and around rocks. Remove suckers, invasive plants in the steam bed area.
